

Right choice

Genuine Volvo Penta parts for older engines

Prices reduced up to 35%

Right choice for you and your engine

For you, as a long time owner, or if you have recently bought an older Volvo Penta engine we would like to ensure that the engine performance will remain the same by using the genuine Volvo Penta Parts. Therefore we have introduced “Right Choice” which is a concept where we have selected the most common Genuine Volvo Penta Parts, and reduced the prices to a more attractive level. This will benefit you as a Volvo Penta engine owner when it comes to maintaining your engine and keeping it running for many more years.

“Seny Ltd”, a Volvo Penta center for Bulgaria, could offer you this program. Just keep an eye on this symbol

Exhaust elbow

Exhaust elbow for Volvo Penta
MD5 – MD17 engines

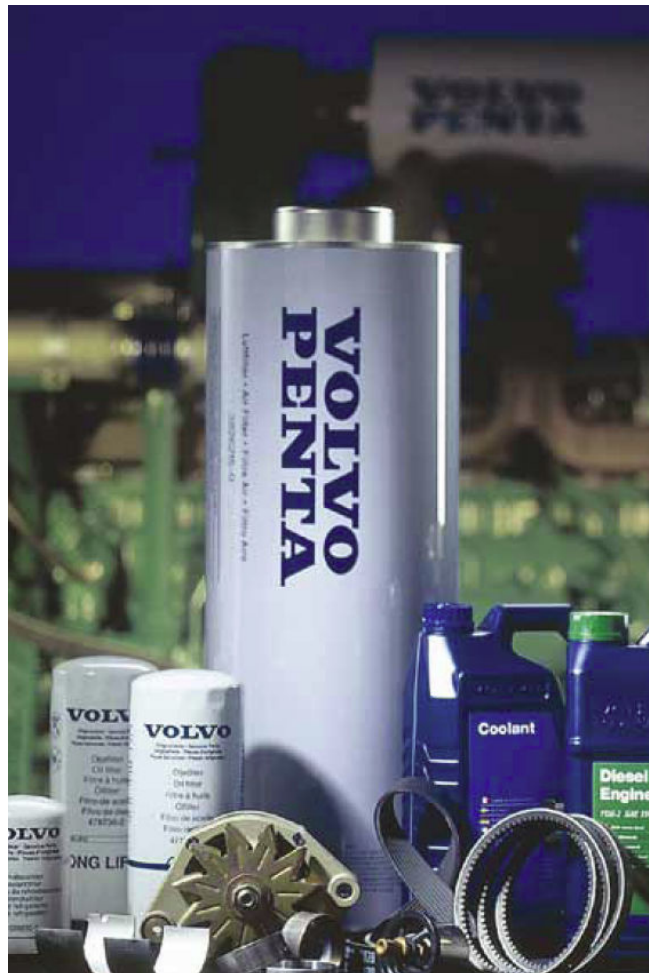

Volvo Penta has always strived for excellent performance and high quality in every Volvo Penta product. This is why you still can enjoy an older Volvo Penta engine for many years to come. We have come a long way from yesterdays Volvo Penta AQD41 to todays electronic (EVC) systems, where software helps us to get more fun and more safety out of boating.

Right choice helps you to keep your Volvo Penta engine in perfect condition, at the same time, giving you a safer and more enjoyable time with your boat.

You will always get the higher possible functional and operational standards from Volvo Penta. Genuine Volvo Penta Parts are tested to ensure maximum performance and are optimized exclusively for our engines.

When you use Genuine Volvo Penta Parts it ensures that your Volvo Penta system will stay in perfect condition. Never jeopardize safety, performance or risk of expensive repairs by fitting a non Genuine Volvo Penta Part.

Right choice includes a wide range of Genuine Volvo Penta Parts for older engines.

Here you will find the complete list of the Genuine Volvo Penta Parts, which are included in Right Choice.
