

## Multi-Purpose, Machinable Repair & Rebuild Composite with Extended Working Life

Belzona® 1121 (Super XL-Metal) is a two component paste grade material based on a ceramic steel reinforced polymer system. This fully machinable product provides a cost effective solution to general engineering repairs.

### Belzona® 1121 (Super XL-Metal) will:

- Simplify maintenance procedures
- Reduce the need for spare parts
- Cut downtime
- Improve safety by reducing hot work

Belzona® 1121 (Super XL-Metal) can be applied in hot climates and where accurate alignment or placement of large volumes of material is required.

## Belzona® 1121

Super XL-Metal

Flange Forming

Shimming

Shaft Rebuild

Piston Rebuild

### Applications for Belzona® 1121 (Super XL-Metal) include:

- Undersized/scored shafts
- Fractured pipes
- Distorted flange faces
- Oversized bearing/bush housings
- Fractured and holed castings
- Leaking tanks
- Scored machine beds
- Load bearing shims
- Corroded pipework

# Belzona<sup>®</sup> 1121

Super XL-Metal

## Belzona<sup>®</sup> 1121 (Super XL-Metal) is:

### Simple

- Easily mixed and applied (1:1)
- No specialist tools required
- Mix and use only what is needed
- Long working life

### Safe

- Excellent electrical insulation properties
- Solvent free
- Low temperature cure ensures no fire risk

### Versatile

- No expansion, contraction or distortion during cure
- Moulds to precise contours
- Fully machinable with conventional tools
- Apply thin or thick sections in one operation
- Bonds strongly to most substrates

### Effective

- High adhesion to most substrates
- High mechanical strength
- Does not corrode
- Outstanding chemical resistance to a wide range of chemicals

Plate Bonding

### QUALITY PRODUCTS – TECHNICAL SUPPORT

The Belzona<sup>®</sup> product range is manufactured through stringent quality and environmental control guidelines complying with the internationally recognised requirements of **ISO 9001:2000** and **ISO 14001:2004**.

Belzona<sup>®</sup> has a global distribution network of over 140 Distributors operating in 120 countries. Local support is provided by a trained Technical Consultant who will diagnose the problem, recommend the solution and provide 24 hour on-site application supervision and advice.
